MEMORANDUM FOR THE RECORD:

25X1A6a

1540, [redacted] of Personnel came in carrying a special interest Personnel  
25X1A6a folder on [redacted] He explained that the subject had talked with the DCI  
and with Col. Grogan who was said to have evinced some interest in him. I told  
25X1A6a [redacted] that both Col. Grogan and Mr. Dulles were out of town and that obviously  
there was nothing I could do about it. He tried unsuccessfully to call Mr.  
25X1A6a [redacted] to find out if he knew what the background was. He then left me, leaving  
the jacket with me and telling me he would call me about it later. I told him  
that I did not believe there was anything that could be done directly on it until  
after 26 August 1957.
